August 21, 2012

- What interventions would you like to offer to your clients?
- What programmatic changes do you need to make so as to get those interventions to them?

Programmatic Interventions

- HIV testing
 - Routine testing
 - Rapid testing
 - Home testing
- Partner Services
- Condom distribution programs
- Social Networking Strategies outreach

Interventions for Patients

- Effective Behavioral Interventions (EBIs)
 - ARTAS: linkage case management program for persons newly diagnosed with HIV
- Case managers and patient navigators
- Medication adherence interventions

Local Resources????
